

### **Advertisement for Professional Services**

Tarpley Shop Utility District is requesting statements of qualifications for a consulting engineer to assist in the implement of an American Rescue Program project for the life of the project. A consulting engineer is needed for the preliminary project design, final project design, testing, inspection, and other project engineering services as needed for the length of the project. Tarpley Shop Utility District in cooperation with Giles County has applied to the Tennessee Department of Environment and Conservation for Non-Competitive State Water Infrastructure Grants Program grant funds for water system improvement projects. Engineers will be rated on the following criteria, each bullet point having a relative importance of 25% :

- Past work performance including quality of work, timeliness, and cost control.
- Capacity of the firm to perform the work within time limitations.
- Familiarity of the firm with the problems applicable to the project; and
- Specialized experience or technical expertise of the firm with this type of project.

Qualified firms should submit proposals by August 18, 2023, by email to [dwilliamson@lcwsa.com](mailto:dwilliamson@lcwsa.com) or by regular mail to Tarpley Shop Utility District, 517 South First Street, Pulaski, TN 38478.

Tarpley Shop Utility District is an equal opportunity employee and does not discriminate on the basis of race, color, religion, national origin, sex, age or disability status in the admission or access to or treatment or employment in its federally assisted programs or activities.
